CERTIFICATIONS

PEGA Certified Senior System Architect (**CSSA**) 8.7
PEGA Certified System Architect (**CSA**) 8.5

PROFESSIONAL EXPERIENCE

Cognizant, Pune, India
Senior PEGA Developer | Aug 2022 – Present

- Designed and implemented scalable, reusable PEGA solutions for global enterprises, managing full application lifecycle from requirements to production deployment.
- Led end-to-end delivery of scalable PEGA-based enterprise applications, aligning technical solutions with business objectives and client requirements.
- Collaborated with **stakeholders and business teams** to gather requirements and design optimized workflows, improving operational efficiency.
- Architected and implemented complex case management solutions, enhancing system performance by **30%** through data page optimization and efficient design strategies.
- Drove **process optimization and automation initiatives**, reducing manual effort and improving turnaround time.
- Mentored a team of 3–4 developers, ensuring adherence to best practices, coding standards, and Agile methodologies.
- Provided production support and resolved critical issues, ensuring minimal downtime and high system reliability.
- Worked closely with QA, DevOps, and business teams to ensure seamless deployment and successful delivery cycles.

Birlasoft, Mumbai India
PEGA Developer Dec 2020 – July 2022

- Developed PEGA-based applications in the healthcare domain, ensuring compliance with business and regulatory requirements.
- Translated business requirements into technical solutions through effective collaboration with cross-functional teams.
- Designed and implemented UI components, data pages, and validation rules with **unit test coverage**.
- Improved product quality by reducing production defects by **20%** through rigorous testing and debugging.
- Supported deployment and release management across SIT and UAT environments.
- Contributed to Agile ceremonies including sprint planning, backlog grooming, and retrospectives.

EDUCATION

Yeshwantrao Chavan College of Engineering, Nagpur, India
Bachelor of Technology in Electronics and Telecommunication
July 2016 – May 2020
